Test Report

(SVHC)

No.: BSC4LXRB4388906D5

Report Page: Page 1 of 25

Issued Date: 2024-02-23

Applicant: Suqian Hollia Arts&Crafts Co.,Ltd
Address: Building A25 No.88 Fumin Road Suqian 223800 Jiangsu Province P.R.China
Sample Name: Fibre Diffuser Sticks
Color: light pink、Blue Color、Green Color、Purple Color、Gray Color、Dark gray、Dark Blue、Pink Color、Beige Color、Hot Pink
Test Section: Mix Tested
Sample Source: Send Sample
Sample Received Date: 2024-02-04
Test Period: 2024-02-04~2024-02-23
Test Type: Commissioning Test
Reference Requirements: Very High Concern (SVHC) testing based on the list published by European Chemicals Agency (ECHA) as of 23 Jan 2024, regarding regulation (EC) No 1907/2006 concerning the REACH. Screening tests based on customer requirements.
Test Result(s): See the report below for details

Test Report (SVHC)

No.: BSC4LXRB4388906D5

Report Page: Page 2 of 25
Issued Date: 2024-02-23

声明 Statement

1. 本报告无检验检测专用章、报告骑缝章和批准人签章无效。
This report is invalid without special seal for inspection and test, cross-page seal and signature of the approver.
2. 本报告页面所使用“PONY”、“谱尼”字样为本单位的注册商标，其受《中华人民共和国商标法》保护，任何未经本单位授权的擅自使用和仿冒、伪造、变造“PONY”、“谱尼”商标均为违法侵权行为，本单位将依法追究其法律责任。
The words "PONY" and "谱尼" used in this report page are the registered trademarks of the company, which are protected by the Trademark Law of the People's Republic of China. Any unauthorized use, counterfeiting, forging or altering of the trademarks of "PONY" and "谱尼" without the authorization of the company is an illegal infringement, and the company will investigate their legal liabilities according to law.
3. 委托单位对报告数据如有异议，请于报告完成之日起十五日内(初级农产品报告请于报告收到之日起五日内)向本单位书面提出复测申请，同时附上报告原件并预付复测费。
If the applicant has any objection to the report data, please submit a written application for retesting to PONY within 15 days after the completion of the report (for the report of primary agricultural products, submit a written application for retesting to the unit within 5 days after the receipt of the report), with the original report attached and the retesting fee prepaid.
4. 委托单位办理完毕以上手续后，本单位会尽快安排复测。如果复测结果与异议内容相符，本单位将退还委托单位的复测费。
After the applicant completes the above procedures, PONY shall arrange the retesting as soon as possible. If the retest result is consistent with the objection, PONY will refund the retest fees.
5. 不可重复性或不能进行复测的实验，不进行复测，委托单位放弃异议权利。
If the experiment cannot be repeated or cannot be retested, no retest shall be conducted, and the applicant shall waive the right of objection.
6. 委托单位对送检样品的代表性和资料的真实性负责，否则本单位不承担任何相关责任。
The applicant is responsible for the representativeness of the commissioned samples and the authenticity of the documents, otherwise PONY does not assume any relevant responsibilities.
7. 本报告仅对所测样品的测试结果负责，测试数据仅反映对该样品的评价且仅用于委托单位科研、教学或内部质量控制使用，不具有对社会的证明作用，对于测试数据的使用、使用所产生的直接或间接损失及一切法律后果，本单位不承担任何经济和法律责任。
This report is only responsible for the test results of the tested sample. The test data only represents the evaluation of the tested sample and can only be used for scientific research, teaching, or internal quality control by the applicant, does not have proof of social effect. PONY does not assume any economical or legal liability generated from direct or indirect usage of the test report.
8. 本单位有权在完成报告后按规定方式处理所测样品，除客户特别声明并支付样品管理费，所有超过标准规定时效期的样品均不再做留样。
PONY has the right to dispose the tested sample after approval of the test report. Unless the applicant specifically declares and pays the sample management fee, all samples beyond the validity period specified in the standard will not be retained.
9. 本单位保证工作的客观公正性，对委托单位的商业信息、技术文件等商业秘密履行保密义务。
PONY assures objectivity and impartiality of the test, and fulfills the obligation of confidentiality for applicant's commercial information, and technique document.
10. 本报告私自转让、盗用、冒用、涂改、未经本单位批准的复制(全文复制除外)或以其它任何形式的篡改均属无效，本单位将对上述行为追究其相应的法律责任。
Any unauthorized transfer, appropriation, falsification, alteration, copying (except full text copying) or alteration in any other form of this report without the approval of PONY shall be invalid. PONY shall strictly investigate the corresponding legal liability for the aforesaid behavior.

▲ 防伪说明(Anti-counterfeiting Instructions):

1. 报告编号是唯一的。
The report number is unique.
2. 扫描报告首页下方二维码，即可查询报告真伪。
Scan the QR code below the first page to check the authenticity of the report.

Test Report

(SVHC)

No.: BSC4LXRB4388906D5

Report Page: Page 23 of 25
Issued Date: 2024-02-23

REACH240 Test result (Unit: %)

Batch No.	No.	Substance Name(s)	Test Result
I- XXX	1-240	All tested SVHC in candidate list	N.D.

Note:

DL = Detection Limit

N.D. = Not Detected (<DL)

0.1 % = 1000 mg/kg = 1000 ppm

mg/kg = ppm

PBT = Persistent, bioaccumulative and toxic; vPvB = very Persistent very Bioaccumulative

- (1) The test result is the result of selected elements and calculated based on the worst situation.
- (2) In view of the substances are established as UVCB substances (substances of unknown or variable composition, complex reaction products or biological materials) consisting of different and variable constituents, the test results are calculated based on the main constituents of the representative compounds for substances.
- (3) When tested substances contain variable compounds, the test results are calculated based on main constituents of the representative compounds for the substances. The test results of the representative compounds are calculated based on the result of specified heavy metal elements.
- (4) TGIC is a mixture and also contains β -TGIC. According to the ECHA's technical dossier the ratio of β -TGIC to TGIC is around 1 to 10. Therefore β -TGIC is issued based on the above-mentioned ratio.
- (5) The substance is considered as SVHC only when the concentration of Michler's ketone (CAS No.:90-94-8) or Michler's base (CAS No.:101-61-1) is more than 0.1% (w/w).

Test Report

(SVHC)

No.: BSC4LXRB4388906D5

Report Page: Page 24 of 25

Issued Date: 2024-02-23

Remarks:

- (1) The chemical analysis of specific SVHC is performed by means of currently available analytical. Techniques in the list published by ECHA as of 23 Jan 2024 shall refer to:
<http://echa.europa.eu/web/guest/candidate-list-table>
<https://echa.europa.eu/substances-of-very-high-concern-identification>
These documents are assessed by ECHA and may be changed in the future.
- (2) In accordance with Regulation (EC) No 1907/2006, any producer or importer of articles shall notify ECHA, in accordance with paragraph 4 of Article 7, if a substance meets the criteria in Article 57 and is identified in accordance with Article 59(1) of the Regulation, if (a) the substance is present in those articles in quantities totaling over one tonne per producer or importer per year; and (b) the substance is present in those articles above a concentration of 0.1 % weight by weight (w/w).
- (3) Article 33 of Regulation (EC) No 1907/2006 requires supplier of an article containing a substance meeting the criteria in Article 57 and identified in accordance with Article 59(1) in a concentration above 0.1 % weight by weight (w/w) shall provide the recipient of the article with sufficient information, available to the supplier, to allow safe use of the article including, as a minimum, the name of that substance.
- (4) The test result in the report is based on test sample. If the sample is homogeneous, the result cannot represent the SVHC concentration in the finished product. These samples may also come from different articles if several homogeneous samples are tested after equal proportion mixed.
- (5) The mixing sample test was performed as client's request. Result obtained only gives informality value and does not represent individual sample material.
